Title: Communalism: An Offshoot of British Raj

Authors: Dr. Parduman Singh

Abstract: Communalism is identified by narrow interests and use of faith to instigate people resulting into chaotic societal relationships. It is a termite that slowly eats into the social cohesiveness and feeling of solidarity existing between the members of a multicultural society. The British rule brought with itself the seeds of communalism which it sowed in the form of policy of divide and rule and reaped the fruits of growing ridge between Hindus and Muslims.

Keywords: Communalism, British Raj, Divide and Rule.
