Title: The Impact of Saad Qishra Market on the Intersection of Al-Ma'ouna Street and Nasrelddin Street, Khartoum Bahri Town, Republic of Sudan

Authors: Sulafa Ibrahim Mohammed, Salwa Ahmed Abdallah, Dr. Abdalla Babikir Abdelnabi Mustafa and Hisham Abdelgadir Awad Khalafallah

Abstract: This paper studies traffic congestion problem at the intersection of Al- Ma'ouna Street with Nasre Alddin Street near Saad Qishra market (see figure no1). The paper aims at solving problems that hinders vehicle movement in the street. Due to the lack of parking's, a great number of vehicles park along roadsides especially during peak hours.

Keywords: Saad Qishra Market, Nasrelddin Street, Khartoum Bahri Town, Traffic Congestion.
